Plan Overview

Characteristic/Description	Measure
Population Variance. All plans must adhere to the requirement that the maximum population variance not exceed 10 percent. Smaller variances are preferred over larger variances. This plan has a variance of:	3.2
Avoid Retrogression. Maintain two districts that are "majority-minority" in population composition. The majority-minority districts in this plan are:	District 1: 77.7% District 2: 78.0%
Preserve Political Subdivisions. Voter precincts should be the basic building block for all districts.	all districts follow precinct boundaries
Preserve the Cores of Prior Districts. Base the current plan, to the extent possible, on existing city council districts. Compared to the 2001 districts, the number of precincts shifted to a different district is:	2
Preserve Communities of Interest. Neighborhood areas are a key indicator of similar communities of interest. The number of neighborhoods split between districts is:	7
Maintain Constituent Relationships. To the extent possible, keep incumbents within their current district. The number of incumbents moved to a different district is:	none
